

John Hurt, Goonies under the Stars, Roger Dean & more..

This year, the Isle of Man Film Festival has pulled out all the stops..

Our hardworking team of dedicated and passionate volunteers have pulled together a programme of events for every taste and age group, with bona fide screen legends, critically acclaimed fantasy artists, ubercool cult classic features screening in unique and mysterious locations, exclusive previews of as yet unreleased movies - even a chance to go coasteering around our beautiful coastline, taking in some of the rock's spectacular locations while hearing about daring screen stunts from some of those actually involved.

Two key events this year are our **30th Anniversary Outdoor Screening of THE GOONIES**, under the stars at the beautiful and underused outdoor amphitheatre on Douglas Head (just at the start of Marine Drive). And we've added a real twist to the event, by working with Ben Sowery from Silent Disco: every attendee will have their own personal set of headphones so they don't miss a word and can feel fully immersed in the experience.

We are also thrilled to be able to welcome the completely brilliant **Sir JOHN HURT CBE** to the festival. He will be **in conversation with our wonderful patron, BBC reviewer Mark Kermode**, at a very special Saturday night event at the Gaiety Theatre. Following the interview, we'll be screening one of Sir John's most iconic feature films - as if you needed reminding what an utter legend he is!

And we've kept our ticket prices ridiculously low, so you can attend EVERY event and still have change for popcorn. See you there? Tickets will be available for all events very soon...keep an eye on our website & Facebook.
